DETAILED ACTION

Drawings

The drawings have been approved by the examiner.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In the office action mailed 30 march 2011, Board of Patent Appeals and Interferences rendered a decision that prior art does not teach "a main processor receiving a programming signal and a rider signal from a program transmission channel and directing said programming signal to the audio player and storing the rider signal in the rider buffer" and none of the cited Figs. 5, 6, or 8 in August disclose this (FF5). The Examiner has failed to present a prima facie case of obviousness by failing to specifically show where claim limitation [2] is present in the cited prior art. In Figure 5 of August, the reference does not show the device 101 to include storing a rider signal in a rider buffer and device 110 is a separate device (FF4).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to NARESH VIG whose telephone number is (571)272-6810. The examiner can normally be reached on Mon-Thu 7:00 - 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Weiss can be reached on (571) 272-6812. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
